

EUROMEETING 2020

2021 EDITION

12. MARCH - 14. MARCH 2021

DOKSY

WELCOME

The Czech Republic will organize an important o-event Euromeeeting for the fourth time. Euromeeeting took place for the first time in 1995, when the competitions were hosted by Prague, Hradec Králové and Pardubice. Other events took place in 2002 in Jihlava and in 2010 in Turnov. In 2021 we will welcome Euromeeeting again, the host city will be Doksy, where participants will compete in similar terrains in which the World Orienteering Championship 2021 is going to take place. The Czech Orienteering Federation is glad to have the opportunity to welcome the world top runners at major competitions in the Czech Republic again. We believe that the participants will enjoy the challenging terrains around Doksy.

Petr Klimpl
Vice-Chairman of the Czech Orienteering Federation

Dear sportsmen and sport friends, to my family sport belongs inherently. Therefore, the physical activity is close to me and in my free time, if my duties allow me, I do sports recreationally. So I was very pleased when Doksy was chosen as the center of the World Orienteering Championships.

The surroundings of our town are destined for outdoor activities of all kinds, runners with a map have been running around the region for 50 years, nevertheless the organizers found for you terrains that have not been mapped yet. I know that everything will culminate in early July 2021 by the World Championship, but we will try to be good hosts for the entire period that precedes it. Organizing committee of WOC 2021 will prepare a number of training camps, but of all events that will precede the World Championship 2021, Euromeeeting is the most important.

That is why I do not want to miss the opportunity to welcome competitors, their service teams and spectators, many of whom will participate in public races themselves. I wish them and myself to discover not only the sporting charm of our city and region, but also other attractions and beauties and I wish that they would like to come back for all of this.

Eva Burešová
Mayor of Doksy

Dear orienteering friends, welcome to the 2021 edition of Euromeeeting. I am glad to invite you to Liberec Region in the north of the Czech Republic, the region of World Orienteering Championships 2021 full of demanding orienteering terrains. Therefore, Euromeeeting 2020 is intended as a "Pre-WOC", a unique opportunity to compete in highly relevant terrains, on the maps drawn by WOC map makers, on the courses set by WOC course setters in official forest WOC disciplines. Even the Event Centre is situated to the same hotel in Staré Splavy, part of Doksy municipality. We are very excited to prepare real forest WOC in 2021, I believe we have chosen wonderful terrains and we will put accent on high quality orienteering experience. We save the best for WOC, but also for Euromeeeting you can expect beautiful forests with important value added – brand new maps of terrains never mapped before. After Euromeeeting these maps will serve as main training areas for you. Euromeeeting is first of all a highly relevant training activity. Therefore, we decided to arrange an official training camp before and after the competition. You are welcome to plan your stay in the Czech Republic according to your calendars and we will be glad if you choose some of our training units in this period. Last but not least Euromeeeting is planned also as a rehearsal for our organizing team.

I wish you all smooth preparation and training and I am looking forward to seeing you in Doksy!

Daniel Wolf
Sport Director WOC2021
