

Invitation

WOC2021 Selection Races

Middle and Long Distance, 5-6th June 2021

Our aim is to offer a model event towards WOC 2021. Therefore, we have chosen similar terrains close to WOC 2021 venues. You can expect a challenging mountain terrain with broken ground surface of Tanvaldský Špičák in the Jizerske hory area and deep valleys of Srbská Kamenice surrounded by beautiful sandstone rocks. Both terrain types are very hilly and technically demanding. All maps are mapped by WOC 2021 mappers in ISOM2017-2.
